How can I study at UWA?

Exchange

If your university or college has a formal student exchange agreement with UWA, you can apply to study with us as an exchange student. This means you don't pay tuition fees at UWA, but continue to pay the tuition fees of your home university or college.

There are other costs that you will need to consider, such as Overseas Student Health Cover (medical insurance), accommodation, books, transport and living expenses. See page 18 for an estimate of the costs to study at UWA.

Study abroad

If your university or college does not have a formal student exchange agreement with UWA, or if there is an agreement but the allocated number of places at UWA have been filled, or if you have completed high school but not yet enrolled at a university, you can study with us as a study abroad student.

To study on this basis, tuition fees are payable. The fees are based on a standard enrolment of 24 points¹ per semester.

study.uwa.edu.au/global

Study Abroad and Exchange students have the same rights and privileges enjoyed by other UWA students and must also abide by the same rules and regulations. When you complete your studies at UWA, you will be considered an official alumnus of the University.

¹Enrolling in additional credit in excess of 24 points per semester will result in additional fees.

Postgraduate study

Postgraduate coursework or research opportunities are available at the discretion of each faculty. Research opportunities are subject to the availability of a supervisor and may take some time to arrange.

Research

UWA is a leading research institution with prestigious links to thought leaders around the world. Many of our courses encourage students to explore research, so there may be opportunities for you to undertake research during your undergraduate studies. If you would like to pursue undergraduate research during your time at UWA, you will need to confirm all arrangements prior to arrival. Contact the Global Learning Office for more information.

If you are interested in graduate research, you will need to contact a Graduate Research Coordinator in the appropriate school to discuss a proposed research topic and confirm the availability of your preferred supervisor before contacting the Global Learning Office. Visit postgraduate.uwa.edu.au/contact-coordinators for a list of Graduate Research Coordinators.

Selecting your classes

How many units can I take?

Study Abroad and Exchange students must enrol in a full academic load of 24 points per semester. Most units are worth six points, so this generally works out to four units per semester.

Typically, most units are offered for a semester, but some must be taken for a full year.

How do I select my units?

You can use the online Handbook to browse through units offered at UWA. All units consist of four letters detailing the discipline of the unit (such as ECON for Economics, PSYC for Psychology) and four numbers.

- Units with numbers beginning from 1 to 3 are generally undergraduate units. A code beginning with 1 represents first-year level studies, 2 represents second-year level studies and so on.
- Units with a number beginning with 4 is generally an honours-level unit and may require a minimum of three years' study prior to enrolling. Please note honours-level units are not always available to Study Abroad and Exchange students.

- Some units coded 3xxx and 4xxx are common to both postgraduate and undergraduate programs.
- Units with numbers beginning with 5 and above are postgraduate level and may require a minimum of three years' tertiary study in a relevant field prior to enrolling.
- The Bachelor of Law program has been replaced by the Juris Doctor. As such, there are several restrictions to which Law units Study Abroad and Exchange students can enrol in. For more information, contact the Global Learning Office.
- Postgraduate Psychology units are not available to Study Abroad and Exchange students.

Location

You should normally only select units offered at the Perth campus. If you are interested in units offered at our Albany campus (a rural city five hours' drive south of Perth), contact the Global Learning Office.

Prerequisites

You will need to meet the relevant academic prerequisites both in level and content.

Teaching period

You should normally select units which are offered in Semester 1 or Semester 2. If you wish to choose units offered in other study periods, contact the Global Learning Office.

Academic year

The UWA academic year runs from late February to late November. If you are studying for two semesters and commencing in Semester 2, you will not be able to make your unit selection for your second semester until around late October when new units for the following academic year will be available.

Academic requirements

High school students

At the time of application, you should have completed a high school qualification in accordance with the admission requirements for entry to the relevant bachelor's degree program at UWA (for example, BA).

Undergraduate students

To study at UWA as a Study Abroad or Exchange student, you should normally:

- have completed one semester of tertiary study at a recognised institution
- have a nomination from your home university to participate in the UWA Study Abroad or Exchange Program or, if no formal agreement exists, complete the Home University Authorisation form¹
- be in Good Academic Standing at your home university
- meet UWA's English language competency requirements at the time of application.

Postgraduate students

Admission to postgraduate courses normally requires the completion of an undergraduate or bachelor's or first cycle degree. There may be some flexibility with this rule at the discretion of the relevant faculty.

English requirements

Study Abroad and Exchange students typically need to meet the normal English requirements of UWA.

study.uwa.edu.au/elc

Please note there may be special arrangements in place with your home institution regarding language if you are an exchange partner. Visit your institution's Global Learning Office for more details.

What if my English is not good enough?

Students who do not meet the standard English entry requirements may be eligible for admission based on a concessional score (see table on page 14) provided they enrol in at least one of two English Language and Academic Communication units (HUMA1901 and HUMA1902). These are credit-bearing units (6 points) which focus on English language and academic communication skills for tertiary study. The units are taught by staff from the Faculty of Arts. You can study one or both units alongside one or two units as part of your semester enrolment. Check with the UWA Global Learning Office for more information. Other non-academic English courses are available at the Centre for English Language Teaching. For further information **celt.uwa.edu.au**

¹ Students applying through UWA direct partnerships (e.g. University partnership, Government or Private Sponsor), are not required to submit a Home University Authorisation on the understanding that they have been through a selective screening process. All other students must include a Home University Authorisation form with their application.

Help with English language Skills

The University offers a choice of English language programs through the Centre for English Language Teaching (CELT) to prepare international students for tertiary academic study.

UWA Centre for English Language Teaching

UWA CELT offers accredited English Language Intensive Courses for Overseas Students (ELICOS) programs in General English, Business English and English for Academic Purposes, as well as preparation for internationally recognised examinations such as the IELTS and Test of English as a Foreign Language (TOEFL).

Academic English and Study Skills Bridging Course (Bridging Course)

The Bridging Course has been designed for international students who wish to study at UWA but do not have the University's required level of English proficiency. The course is also suitable for students with unconditional entry into UWA who would like to further develop their language ability and confidence before commencing tertiary study.

A 70% pass in the Bridging Course meets the University's English language requirement for most undergraduate and postgraduate courses; however, some postgraduate courses have a higher English language requirement.

Compared to other major cities around the world, living and studying in Perth is a smart decision for international students.

Australia's most affordable capital city

Perth is more affordable than Adelaide, Brisbane, Melbourne and Sydney, according to the Economist Intelligence Unit's Worldwide Cost of Living Survey 2017.

Cost of living

The annual cost of living in Perth depends on your lifestyle and type of accommodation you choose; however, AUD\$450-\$650 per week is generally sufficient for most single students to live comfortably (this does not include tuition fees or medical cover). Remember to consider extra funds to cover items such as airfares and textbooks. There may also be ancillary fees applicable to your course.

study.uwa.edu.au/cost-of-living

The Department of Immigration and Border Protection requires international students applying for a student visa to have Overseas Student Health Cover (OSHC) for the entire duration of their student visa. This is not applicable to students from Norway and Sweden who are covered under a separate arrangement.

OSHC is offered by a number of providers. You may obtain OSHC from the provider of your choice.

The University of Western Australia has a 'preferred provider' agreement with Allianz Global Assistance. On acceptance and payment of your offer, UWA will arrange health cover with Allianz Global Assistance for the duration of your student visa.

If you are an exchange student studying under the terms of a formal student exchange agreement, you will be exempt from paying tuition fees and the Student Services and Amenities Fee.

CRICOS Provider Code: 00126G

Australian Federal Government legislation requires providers of courses to international students to register their institution and the courses they offer. This register is called the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). The Tertiary Education Quality Standards Agency (TEQSA) approves registration before a code is allocated and the details recorded on the CRICOS register. Providers and their agents must not promote a course to overseas students unless it is registered on CRICOS.
